## ANNUAL REPORT OF PRECINCT COMMISSIONERS

To the Voters of Antrim Precinct:

Several matters of considerable importance having transpired the past year, we present herewith our Annual Report in printed form.

We deeply regret the passing on May 25, 1932, of our Treasurer, William C. Hills. He attended to his duties in a straightforward, kindly manner, and his untimely death is an immeasurable loss to the community.

On June 1 we appointed Archie M. Swett his successor.

Some years ago the Precinct instructed its Commissioners to use their discretion regarding the purchase of additional land around Campbell Pond. Accordingly, in June, we bought from Mrs. Florence E. French a parcel of six acres of land. This purchase completes the program laid down by the State Board of Health. All of the land, comprising some 52 acres around the Pond, is now fully owned and controlled by the Precinct. The dam at Campbell Pond has been repaired, brush cleaned up, and a wire fence now completely encloses the property. Tests of the water by the Laboratory of Hygiene show it to be satisfactory.

In further continuance of the policy of making permanent instead of temporary repairs to the pipe lines we have this year expended $2,009.34 for this work, making a total of $4,073.48 expended in the past three years. Concord Street is now completely relaid with 6-inch cast

iron pipe. West Street and Jameson Avenue are about two-thirds completed. This work has been made possible by pursuing a conservative policy in expenditures, and without increasing taxes or water rents. We have, however, reduced our surplus about $1,100.00 in making larger purchases of cast iron pipe at the prevailing low prices, and provided work for some who needed employment.

The Fire Department deserves credit and commendation for its usual efficiency. Expenditures of the Department were about as they have averaged for some years.

We recommend a continuance of the present conservative policy. No increase in taxes, no increase in water rates. At the same time we shall endeavor to keep the property of the Precinct in the best possible condition under existing circumstances.

Respectfully submitted,

HIRAM W. JOHNSON,
ALBERT E. THORNTON,
MAURICE A. POOR,

Commissioners of Antrim Precinct.

# ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS OF ANTRIM

To the School Board of the Antrim School District, this report of the schools for the year 1931-1932, is respectfully submitted.

Our teaching force numbers twelve, ten full time teachers and two part-time supervisors. The following table gives their names and certain other information:

| Grade | Teacher | Salary | Dist. | Experience in Years | Education | State Approval |
|---|---|---|---|---|---|---|
| 5-6 | Charlotte Balch | $950 | 28 | 39 | Lowell Training | C |
| East | Ruth Bassett | 900 | 2 | 5 | Keene Normal | C |
| High | Anne L. Carlson | 1250 | 2 | 2 | Radcliffe | L |
| High | Thos. C. Chaffee | 2100 | 7 | 29 | Brown | C |
| Branch | Helen Crosby | 950 | 2 | 2 | Keene Normal | L |
| 3-4 | Alice Cuddihy | 950 | 26 | 28 | Keene Normal | C |
| 1-2 | Gertrude Hersey | 950 | 3 | 4 | Keene Normal | C |
| High | Margaret Maxfield | 1200 | 2 | 2 | Keene Normal | L |
| 7-8 | Louise Murdough | 1000 | 2 | 3 | Keene Normal | C |
| Center | Gladys Phillips | 950 | 2 | 7 | Keene Normal | C |
| | | SUPERVISORS | | | | |
| Music | Elizabeth Felker | 300 | 2 | 6 | N. E. Conservatory | L |
| Drawing | Edith Messer | 220 | 11 | 38 | Lowell Training | L |

In the last column of the table, C stands for certificate, and is the final form of State Department approval. L means License and is a temporary form of approval, to be held until certain examinations given by the State Department have been passed. The fact that a teacher has

a license and not a certificate, need not mean that such a one is a less able teacher, but does mean that, at present, she has not passed all examinations given by the board, for which teachers are given a certain time . . It will be seen from the above table that we have no inexperienced teachers and no teacher new to our district.

Next we will give the enrollment table:

| Teacher | Grades | Boys | Girls | Total | Ave. Mem. |
|---|---|---|---|---|---|
| Gertrude Hersey | 1-2 | 21 | 16 | 37 | 33.63 |
| Alice Cuddihy | 3-4 | 15 | 23 | 38 | 33.44 |
| Charlotte Balch | 5-6 | 19 | 20 | 39 | 36.43 |
| Louise Murdough | 7-8 | 11 | 11 | 22 | 20.97 |
| Thos. C. Chaffe | High | 25 | 26 | 51 | 48.27 |
| Helen Crosby | Branch | 5 | 4 | 9 | 8.15 |
| Gladys Phillips | Center | 12 | 2 | 14 | 12.23 |
| Ruth Bassett | East | 3 | 5 | 8 | 8.00 |
| Grand Totals | | 111 | 107 | 218 | 201.12 |

Although there were 218 pupils in our school during the year the average membership, due to much illness and some removals, was only 201.12. It is excedingly desirable that pupils attend school regularly, but health should never be sacrificed for a perfect attendance record. So, while I have felt obliged to emphasize the matter of attendance in previous years, I believe that the time has come when it is safe to say that a perfect attendance record should not be attained at the expense of a child's health.

Following is the attendance record of the different schools:

| | Percent of Attendance | Tardiness per pupil |
|---|---|---|
| Miss Hersey | 93.6 | 0.24 |
| Miss Cuddihy | 95.3 | 0.30 |
| Miss Balch | 96.7 | 0.22 |
| Mrs. Murdough | 93.6 | 1.14 |
| Mr. Chaffee | 94.2 | 0.91 |
| Miss Crosby | 98.7 | 0.37 |
| Mrs. Phillips | 94.4 | 1.30 |
| Miss Bassett | 97.0 | 0.00 |

This is a good record and I congratulate parents, teachers and pupils for it. That zero under tardiness per pupil for the East Antrim School is not a misprint, although it is rare enough to cause one to wonder if it is not a misprint. The above figures give an average attendance of 95% for the whole district and 0.59 cases of tardiness per pupil. The tardiness record is excellent and the attendance record would have been better had we not had so much sickness.

School officials look with interest at the reports from the State Department because they give an idea of our relative accomplishment. From these reports we learn that in the Spelling and English tests given by the Department of Education to the Seniors in New Hampshire High Schools, we stood above the median in Intelligent Quotient and in both subjects tested. This is an improvement over the results of test given two years ago when we were below the median in English.

One of the common forms of judging the holding power of a school is to enquire into the ratio of the number of boys to the number of girls in school. This, I imagine, must be on the principle that boys do not like to study as well as girls, so that it must be a very good school that interests and holds the boys. I would not say that this idea is always the true one, but it is accepted so commonly that we will give the figures for our high school and for the state. 49% of our high school pupils are boys, while 48.6% of the high school pupils in the state are boys. We have 175 days of school for the year compared with 177.8 for the whole state. Several schools have as many as 184 days, or almost two weeks more than we have, and 257 high schools have 180 or more days in the school year. 56% of our graduates continue their education while 50.7% of the high school graduates of the state continue theirs, and the state average is better than the average of the whole country.

We regret having children leave school, and where the enrollment is small, more attention is paid to it than in places with larger enrollment. We lost 7% of our pupils during the year, which I feel is a large percent, but in the state as a whole 10.4% of the pupils left school during the year.

Another way of testing the work of our schools is by noting the standing of our graduates when they attend

higher institutions of learning. These figures, are not our own, but are the figures given out by the state department, as are all figures in the three preceding paragraphs. Antrim High School is grouped for comparison, with 22 other high schools of about the same enrollment, and Antrim High School heads the list in its group, meaning that our graduates who have entered post secondary schools have done better work than the graduates of any other high school in their group. All our teachers are to be congratulated upon this record, the grade and rural teachers and the high school teachers, because all helped lay the foundation upon which these records were built.

Our course of study in all twelve grades follows a program recommended by the state department, and formulated by teachers, superintendents and members of the department, is printed and sent out by the Department of Education. This course is recommended, but not absolutely required.

The Roll of Honor contains the names of those who have been neither absent nor tardy for the whole year:

## ROLL OF HONOR

High School

Herbert Bryer
Gertrude Clark

Seventh and Eighth Grades

Marion McClure
Nina Rokes

Fifth and Sixth Grades

Blanche St. John

Catherine McClure
Charlotte Phillips
Edward Smith
Ralph Zabriski

First and Second Grades

Constance Fuglestad

Branch School

Charles Brown
Evelyn Brown

East School

Robert Carmichael
Margaret Carmichael
Condon Carmichael
Hilda Cochrane

You may notice that just one half of the pupils of the East Antrim School were neither absent nor tardy for the whole year. It might be well to have an Honor Roll for the school having the best attendance record. If so the East Antrim School would have that honor this year, as there were no cases of tardiness; one-half the pupils were neither absent nor tardy for the whole year, and for 156 days out of 177 every child was present.

The members of our part-time force, the music and drawing supervisors and the medical inspector, are painstaking and successful in their work for our children.

Dr. Tibbetts examined 209 pupils in May and June and found:

| | Cases | | Cases |
|---|---|---|---|
| Underweight | 25 | Defective teeth | 130 |
| Defective vision | 52 | Diseased tonsils and Adenoids | 39 |
| Defective Hearing | 3 | Defective Breathing | 22 |
| Anemic | 76 | Enlarged Glands | 160 |
| Cardiac Disease | 7 | Defective Speech | 5 |
| Pulmonary Disease | 1 | Unvaccinated | 1 |
| Deformity | 1 | | |

He reports a toxin-antitoxin clinic, and an underweight clinic. Thirty-one had eyes treated and glasses furnished; although at the time of the report their vision had not been corrected. He says that the anemic cases are not severe. He says that the large number of enlarged glands is due mostly to throat and dental defects. He closes by saying that condition of the children's mouths is, in general, fairly good.

The work of our Drawing Supervisor is excellent; she goes quietly about her work but that she accomplishes much is evidenced by the results of a recent Poster Contest, held under the auspices of the Wild Flower Preservation Society, in which Henry Cutter received the High School Prize in the Keene District for the best Poster, while Phillip Lang won the State Prize and first prize in the Keene District for an essay in the same contest. Our own judgment of her work, as we see it in the schools, is that prizes were well deserved. There is an abundance of good work along this line in the school rooms, which we invite parents to examine.

Appreciation of the work of the Music Supervisor has been shown in several ways. The Woman's Club has given Mrs. Felker cases of records in the Music Appreciation Course, which have been used to advantage, and the D. A. R. has twice given the Orchestra $5 for new music. We surely appreciate such cooperation. Mrs. Felker says we should have two new pianos in the High School Building, and she is planning to do something to earn them. I am sure that when the time comes she will receive the whole hearted support of the people of Antrim. Some of the pupils sang carols at the Union Christmas service and we were pleased at the nice things that were said about that singing. The Orchestra took part in the Six-Town Orchestra Concert at Henniker, and in the State Music Festival at Manchester. All these were over and above the regular weekly work which, while not being spectacular, has laid the foundation for other achievements and satisfactions.

The schools have had 463 visits from parents and friends, and 40 official visits from the school board members and 212 from the Superintendent.

The thirty-eighth annual commencement exercises of the high school were held in the Town hall at 2 P. M. Friday, June 17th., with a reception and dance in the evening.

At these exercises the S. A. R. good citizenship medal was awarded to James Cuddihy, and the D. A. R. History Prizes were awarded as follows: Eighth grade, First Prize, Frances Tibballs; Second Prize, Marion McClure; Seventh grade, First Prize, Hilda Cochrane; Second Prize, Bessie Stone.

Following is the graduation program. All names of the graduates are on the program; those whose names are followed by the letter C. were graduates from the classical course, and those whose names are followed by the letter G. were graduates from the general course.

After I had completed this report, I received from the Officer in Charge of Freshmen in one of our Colleges, a copy of a letter which he had sent to Mr. Chaffee. I give it below cutting out the names:

Thos. C. Chaffee, Headmaster.
Antrim N. H. High School.
Dear Mr. Chaffee:

"I wish to congratulate you and your teachers on the fine college record made by ———— one of your graduates. She secured an average of 91.1 and was one of eight freshmen to secure an average of over 90%. According to my record she attended the ————— for a post graduate course, but the basic training which enabled her to do such good work with us was undoubtedly given her in your school. You have every reason to feel that you met your

responsibility to ———— very well indeed." Then followed the signature of the College Officer.
